

YOUR SUPPLY CHAIN SOLUTION

REXEL GROUP
TALLEY
ABOUT US

Talley Canada offers unmatched capabilities, subject-matter expertise and proficiency to our Canadian telecommunications customers, across the full spectrum of requirements including in-building wireless, LTE, enterprise networks, network coverage densification and broadband infrastructure.

Formed as the result of a transformative alliance between Rexel Utility and Talley LLC, we pride ourselves in delivering, along with our trusted partners, innovative, sustainable solutions that our customers need to build the networks of tomorrow.
